Technic Equipment Division Appoints Jim Acquaviva Director of Business Development

Pawtucket, RI USA - Technic Equipment Division is pleased to announce the appointment of Jim Acquaviva as *Director of Business Development*. Jim will add extensive management experience to the leadership team, with a particular emphasis on sales and marketing efforts.

Jim has focused his 25-year career on growing technically driven manufacturing companies through a wide range of R&D and commercial leadership roles. Recent experience includes strategic marketing and account management related to the sale of custom chemical vapor deposition equipment used in the Aerospace, Industrial and Nanotechnology markets. Much of his career was spent in the filtration industry including roles as Sales VP, Marketing Director and Engineering Manager for Pall Corporation.

“I am excited to have Jim join the Technic team. With a background of success in custom equipment manufacturing, I expect him to very quickly have a positive impact on the sales and marketing of Technic’s equipment products.”

Peter Ribbans – VP / General Manager, Technic Equipment Division

A mechanical engineer from Clarkson University, Jim is named on several patents and recently earned his Project Management Professional (PMP) certification. He enjoys spending time with his family, walking the dog, sailing, and skiing.

About Technic

Technic Inc. is a Rhode Island based corporation with over 950 employees worldwide. For 75 years, Technic has been a global supplier of specialty chemicals, custom finishing equipment, engineered powders, and analytical control systems to the electronic component, printed circuit board, semiconductor, industrial finishing and decorative industries. Technic is also a major supplier of engineered metal powders to the solar industry.
