

Techni Print

High-Speed Liquid Support Cleaner

Fast

400% faster with better results

Clean

No mixing, No dust, No masks

No residue on parts or buildup on equipment

Blue

Easy color indicating solution

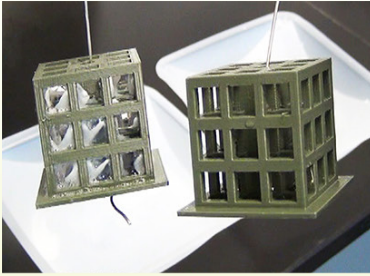

Green

No liquid waste disposal required*

www.techniprint-technic.com

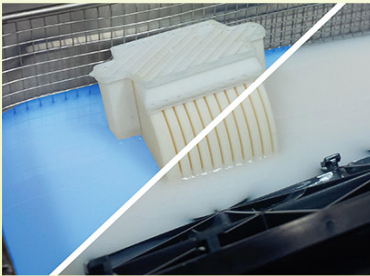

After 11 minutes, Techni-Print (on the right), beats the leading competitor by almost 45 minutes.

400% Faster

In side by side comparisons, Techni-Print completes the removal of support material significantly faster with better results.

No Guesswork

Techni-Print's built-in color indicator lets you know when the solution is fully loaded and ready to be changed. No analytical equipment or guessing required.

Less Waste

Techni-Print combined with the ECO-Reclaim Agent has the unique property of being able to extract the support material from spent solution, leaving solid material and a clarified solution with a pH of less than 9 that may be easily disposed of down the drain.*

** Check local regulations for complete compliance.*

Versatile

Techni-Print performs well in a variety of equipment in volumes from as low as 1 gallon to as high as 500 gallons.

- Ultrasonic Systems
- Circulation Systems
- Spray Systems
