## Technic Announces Exclusive Distribution Rights for Alufinish Products in the U.S. and Canada

Cranston, Rhode Island, USA – Technic is pleased to announce it has acquired exclusive distributor rights for Alufinish’s anodizing and powder coating pretreatment products in the U.S. and Canada. In this joint partnership, Alufinish, a recognized leader in the aluminum anodizing and passivation chemistry business throughout Europe and the Middle East, will join with Technic in expanding its markets to the U.S. and Canada.

Based in Andernach, Germany, Alufinish manufactures a full range of anodizing and aluminum pretreatment products. Alufinish products are highly engineered to pass the most stringent performance requirements, including Qualinod and Qualicoat standards for architectural profiles and high pH resistance for automotive exterior trim.

*“For years, Technic has engineered and built anodizing lines for some of the leading manufacturers in the industry. We are delighted to offer customers a globally recognized brand of top performing process chemistry for this expanding North American industry.”*

George A. Federman  
Vice President, Project Development  
Technic Inc.
